

Thank you for choosing Enjoy Again to preserve your precious memories!

And now to begin the process, here's what to do:

- Gather your tapes and films together. If you know what's on them, please label them so we know how you'd like us to title them when we create the DVDs.
- Count the items you wish us to convert. Place them in a box or bag.
- Print out and complete the bottom portion of this form. Put it in with your materials.
- As part of our service, we create a video introduction and DVD labels that we design using your family photographs. If you wish to take advantage of this service, please include 5-6 photos. If you'd rather not do this, we can use a generic introduction and simply put your family name on the labels. (You can also email the photos to enjoyagain17@gmail.com.)
- Contact Enjoy Again at 440-724-3192 to arrange for a pick-up.

To best serve you, please complete the following information and include with your order:
